Hi Jennifer,

Thank you for the update and I look forward to seeing the response. Please continue to keep David Gray as the PoC as we prepare for questions and communication strategy. I'll touch base with David to determine who from R6 needs to see the response in advance to ensure we're all on the same page, and we'll let you know who else should be involved on our end.

Thanks,

Anne

Subject: Chloroprene

Hi Anne

I am writing to let you know that ORD will soon respond to a Request for Correction we received from attorneys representing Denka Performance Elastomer LLC (DPE) on the *Toxicological Review of Chloroprene (CAS No. 126-99-8) In Support of Summary Information on the Integrated Risk Information System (IRIS)*. David Gray has been our point of contact on the tox review and the response. I would like to offer a chance for you to see the response in advance so we can coordinate on any questions or communications to follow. Let me know if that works and who you'd like to have involved from R6.

Thanks

jennifer
